

Introduction

Early years providers must meet all the statutory requirements of the Early Years Foundation Stage and take all necessary steps to keep children safe and well, including by maintaining records, policies and procedures.

As working documents policies and procedures govern all aspects of the setting's operations and are vital for consistency and quality assurance across the provision. Policies describe the approach of operating and incorporate current legislation and registration requirements. Procedures detail the methods by which the policies are implemented. Some may need adjustment following risk assessment carried out in the setting.

Staff, agency workers, volunteers, assistants and students need to fully understand and know how to implement the policies and procedures, which must also be accessible to parents, so that everyone knows what actions they need to take in practice to achieve them.

Each of the policies and procedures that group and school-based providers are required to have in place are provided in this publication, as well as others recommended by the Alliance as good practice.

Adopting, implementing and reviewing policies

- Copies of the policies and procedures to be adopted should be made available to all parents and staff; giving everyone the opportunity to discuss and fully understand each policy and procedure.
- It should be explained to parents, employees and volunteers that the policies contain the rules required for running the setting in a way which complies with the requirements of the EYFS and Ofsted registration and must be adhered to.
- All staff and volunteers should be aware of the content of the policies and procedures, and their role and responsibility in implementing them.
- Each policy and procedure should be continually monitored by collecting evidence about the results of their implementation. The evidence should be used to make any necessary changes to the policies and procedures and/or the way they are implemented.
- All staff and parents should contribute to the evidence collected and share in decisions about any necessary changes.
- Named/designated safeguarding leads in each setting have a delegated responsibility to make sure that relevant procedures are known by all members of staff and are adhered to, bringing any cause for concern to the manager's attention.

If any adaptations are needed to any policy or procedure, it must still meet the requirements of the relevant regulations. Some providers may decide to develop further policies, which are not required by regulations, but which would enable a clear direction for any specific issue pertaining to the setting. For example, some providers may require a policy on sharing premises with another facility. Or in some cases a local authority or a funding body may require a policy or procedure that is not included in this publication.

Risk assessment is vital to implementation of many procedures. The providers ensure that risk assessments where helpful, are carried out and updated regularly and will amend or add to the procedures as required. Risk assessment procedures are detailed in procedures 01.1 Risk assessment and 02.1 Fire safety.

Children's rights and entitlements statement

This statement underpins the policies and procedures—in particular, section 06 Safeguarding Children, Young People and Vulnerable Adults procedures. It is important that all staff uphold and work with the principles and ethos within this statement.

We support the 54 Articles contained within the UN Convention on the Rights of the Child (1989). We recognise that these articles apply to children globally and draw attention to the disparity between and within countries and across regions of the world in the way that children receive and enjoy basic rights. We support organisations and statutory agencies to promote recognition and achievement of children's rights to ensure a better experience for all children.

The Early Years Alliance's 'four key commitments' are broad statements against which policies and procedures across the organisation are drawn to provide a consistent and coherent strategy for safeguarding children young people and vulnerable adults in all services provided.

1. The Alliance is committed to empowering children, young people, and vulnerable adults, promoting their right to be '**strong, resilient, actively listened to, and heard**'.
2. The Alliance upholds a culture of safety in which children, young people and vulnerable adults are protected from abuse and harm in all areas of its curriculum and service delivery.
3. The Alliance is committed to preventing harm and responding promptly and appropriately to all incidents or concerns of abuse that may occur. Working with statutory agencies to achieve the best possible outcomes for every child.
4. The Alliance is dedicated to increasing safeguarding confidence, knowledge and good practice throughout its training and learning programmes for adults, advocating support and representation for those in greatest need.
